

Raised Interlocking Drainage Mat Ultramat[®] T32

Product Images

Short Description

- Raised edging around each hole creates a slip resistant surface
- Large drainage holes remove liquid and debris from worker platform
- Modular mat for quick and easy configurations
- Lightweight design for easy handling and cleaning
- Made with General Purpose Rubber
- Optional rubber ramps available for trip-resistant platform (581 Ramp)

Description

Ultramat® is a lightweight modular anti-fatigue mat system with molded-in mat connectors for easy on-site custom configurations and longer lengths. An anti-slip surface increases traction in wet or greasy areas and multi-nib backing enhances the ergonomic support of the mat. It's large hole design provides excellent drainage removing liquids and debris from the worker platform and its' lightweight construction makes it easy to handle.

Specifications

Model No	T32
Brand	NoTrax
Available Colors	Black; Red
Overall Thickness	1/2
Standard sizes	3'x 3'; 3'x 5'
Group	Ergonomic, Anti-fatigue & Safety Matting
Environment	Wet Areas
Recommended Use	Restaurant kitchens, food prep, food processing environments
Special Remarks	Thinner, lightweight version of UltraMat® Max for easy handling and less demanding applications.
Edges	Attachable beveled edges are available
Usage Intensity	Light duty
Material Specifications	Natural rubber
Surface Detail	Large Drainage Holes
Process	Compression Molding
Weight Lbs/sqft	1.3
Fire Rating US	Pass
REACH Compliant	Reach compliant (Registration, Evaluation, Authorization and Restriction of Chemicals).
Slip Resistance Rating	Better
Comfort Rating	Better
Grease Resistance Rating	Good
Wearability Rating	Better
